

Rafael Monteiro

CLOUD & DEVOPS ENGINEER

Porto, Portugal

+351 918632414 | rmonteiro811@gmail.com | rafael-monteiro-tech.netlify.app | rafaaaa45 | rafael-teixeira-monteiro

Personal Profile

Cloud & DevOps Engineer specialized in building and automating scalable cloud infrastructures and high-performance CI/CD pipelines. Strong expertise in Docker, Kubernetes, Terraform, and Microsoft Azure, enabling efficient deployments, system reliability, and infrastructure as code practices. Solid programming background in Java, Python, C#, and JavaScript, with a focus on delivering robust and maintainable solutions.

Education

Polytechnic Institute of Viana do Castelo

Bachelor's degree in Software Engineering

Viana do Castelo, Portugal

Sept 2020 - Jul 2024

Polytechnic Institute of Viana do Castelo

Master's degree in Software Engineering

Viana do Castelo, Portugal

Sept 2024 - Jul 2026

Work Experience

Bosch

Azure Cloud Engineer

Hybrid

Sept 2025 - Present

- In my current role, I'm responsible for designing, managing, and optimizing CI/CD pipelines in Azure DevOps, covering both build (CI) and release (CD) processes.
- I provision and maintain cloud infrastructure for services such as Azure Data Factory, Azure Databricks, and Azure Synapse Analytics using Terraform. I also work on automation and process optimization to improve deployment efficiency and reliability.
- Additionally, I collaborate with data and development teams to ensure seamless integration and smooth operation across our Azure cloud environment.
- Technical Skills:** Azure Data Factory, Azure Databricks, and Azure Synapse Analytics, Terraform, Azure DevOps, Poetry, Conda

Nagarro

DevOps Engineer

Remote

Oct 2024 - Sep 25

- Researched and implemented modern DevOps tools, contributing directly to a large-scale automotive enterprise project.
- Maintained and optimized CI/CD pipelines and cloud infrastructure within a highly complex enterprise environment.
- Technical Skills:** Java, Spring Boot, Terraform, Kubernetes, Angular, Jenkins, .NET, C#, AWS, Azure, Docker, Ansible, SonarQube.

CITIN

Curricular Internship

Viana do Castelo, Portugal

Feb 2024 - Jul 2024

- Collaborated with a two-person team to develop an application that extracted specific invoice information into JSON format, automating and optimizing data retrieval.
- Technical Skills:** Python, OCR, Pytesseract(textextract), Langchain, Streamlit, Docker, OpenCV, Git.

Polytechnic Institute of Viana do Castelo

Curricular Internship

Viana do Castelo, Portugal

Sept 2023 - Feb 2024

- Collaborated in a team to deliver a user-friendly application for high school students to calculate GPA and simulate required grades.
- Technical Skills:** Javascript, ExpressJS, MongoDB, React Native, NodeJS, Postman, Git.
